

SECURITY POLICY

Coogee Sports & Remedial Massage (CS&RM) uses Stripe for its online prepaid appointment system and PayPal for its gift vouchers. Stripe and PayPal are both respected and trusted gateway payment systems that are a safe and secure means of collecting payments via the internet. All online credit and debit card transactions performed on the Stripe and PayPal sites are secured payments.

What You Need To Know

- Stripe and PayPal both offer a friendly 'Guest Checkout' credit and debit card facility for those without a Stripe or PayPal account.
- Stripe and PayPal payments are fully automated with an immediate response.
- Your complete credit or debit card number cannot be viewed by CS&RM or any other third party.
- As leaders in the Australian online payments industry, Stripe and PayPal encrypt all transaction details before sending them across the internet, so the details of the messages cannot be seen by anyone except Stripe or PayPal's payment servers.
- Stripe and PayPal use SSL technology to keep your information safe. In addition, when you send a payment using Stripe or PayPal, CS&RM will not receive sensitive financial information like your credit card or bank account number.
- Stripe and PayPal are also both leaders in risk management, constantly updating their systems to help block external threats. While committed to making things easier for you to transact.

For more information about Stripe security and their online credit card payments, please visit <https://stripe.com/docs/security/stripe> and for PayPal please visit <https://www.paypal.com/au/webapps/mpp/paypal-safety-and-security>
